# 2023 SHOW DIRECTORY

## *22nd & 23rd April 2023*

Royal Welsh Showground, Llanelwedd, Builth Wells, Powys LD2 3SY

### OPENING TIMES:

Saturday 10am - 5.30pm      Sunday 10am - 4.30pm

*Supporting charities including The Wales Air Ambulance*

## WELCOME TO OUR 17th SHOW

Welcome to our 17th Wonderwool Wales show.

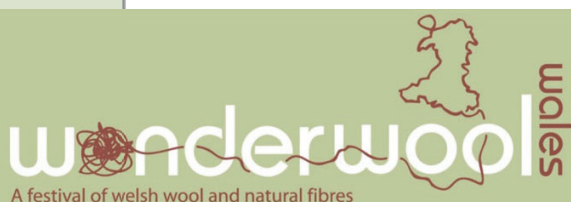

We have 3 halls of exhibitors waiting to show you hand dyed yarns, fleece, spinning wheels, and much, much more.

Don't miss our famous Sheepwalk which takes place in Hall 3 and will be showcasing creations made by our exhibitors. This takes place at 12.30 & 3pm each day.

There is also a Street Food area with a variety of delicious food to tempt you.

We hope you enjoy your visit to Wonderwool Wales this year.

*Chrissie, Olwen & Sarah - Wonderwool Wales Ltd*

Our next show is on  
**April 20th & 21st 2024**

**Royal Welsh Showground**  
**Llanelwedd, Builth Wells, Powys LD2 3SY**

**(AHT Designs & Shining Edge Arts)**

Macrame Plant Hanger

*For more information about Woolschools, please come to the Information Desk at the main entrance in Hall 1.*

## DIRECTIONS MAP FOR WOOLSCHOOLS

Woolschools take place in the **Hafod Hendre building**. You will need to allow time to get there (see map above) and plan to **arrive 15 minutes before the start of your workshop** to allow for ticket scanning etc.

For pre-booked workshop places, the Woolschool Steward will scan your ticket when you enter the Hafod Hendre building. Students who buy tickets on the day will be issued with a wristband to gain entry to the Woolschool. **Please remember to get your hand stamped on the way out of the Show so that you can return after your Woolschool.**

***Please note - only workshop participants can gain access to Hafod Hendre***

## WONDERWOOL WALES SUPPORTING CHARITIES

Wonderwool Wales has been supporting charities for several years now by giving the money collected from the Bag Creche, Exhibitions and Mini Buses. One of our chosen charities is the **WALES AIR AMBULANCE** which is a vital service for all those living in & visiting Wales. The Interactive Area in Hall 1 also raises money at the show through the sale of donated wool, magazines etc.

The **WALES AIR AMBULANCE** will again have a stand on the Interactive Area in Row D Hall 1. The Wales Air Ambulance is the only air ambulance charity based in, & dedicated, to Wales. Their mission is to aid the relief of sickness & injury & protect human life. They rely entirely on public donations to fly their four helicopters.

**THE KNITTED KNOCKERS** is a registered UK charity which handknits or crochets bespoke replacement breast prostheses in 100% cotton for mastectomy patients. The Knockers are provided free of charge. Do visit them on stand E6, you might like to join them in their knitting endeavours aiding cancer patients.

# SHEEPWALK

The Sheepwalk takes place on the stage in Hall 3 at 12.30 & 3.00pm each day and is where our exhibitors show you their wonderful creations.

[www.wonderwoolwales.co.uk](http://www.wonderwoolwales.co.uk)

## HALL 3 EXHIBITIONS

### KNITTED MAPS

Celebrating the combined creativity of more than 180 knitters, felt and crochet fans, will be an exhibition of wall hangings, depicting seven different places around the UK. The first and last chance to see all these hangings together, the special exhibition has been co-ordinated by Sue Howell. She founded the Knit Your Town Project in response to the immense amount of interest shown in a knitted map of Llandysul, exhibited at Wonderwool Wales 2017.

Since its last appearance at Wonderwool Wales, several maps have been completed and this year there will be a selection on display. As well as Llandysul, Camberley, and Bramley (Hampshire), as well as a commemoration of Queen Elizabeth II's Platinum Jubilee.

The maps unable to be with us are Newbury and Leeds, both of which are now installed in local museums and Painscastle (we hope Wolverhampton may be able to be there) but there will be images of the missing pieces.

Other projects that have been produced are Greenham Common from the Newbury knitters. This group was asked to produce a piece of art work for the café in the Greenham Tower in Newbury, Berkshire. This consists of three panels, representing pre 1900, the Cold War and the Common now and is on permanent display there.

Another commission was a personal story of Ugandan refugees, 50 years ago, covering the background of their eviction from their home country and their arrival and subsequent lives in the UK. This was part of an exhibition locally and it went on tour to mark the anniversary.

Bramley's map was a lockdown project and a great way to help with the isolation of having to stay at home. Wool was collected and shared via a porch and knitters communicated via email. It was such fun to be able to meet up at last and begin to place the buildings on the base. This map has been on display at the Vyne – National Trust – for several months.

The Bramley knitters then wanted another project and the Queen's Jubilee seemed as suitable topic. The seven decades have been represented on separate smaller panels to create memories of the seventy years. This artwork has been installed at a local care home and residents absolutely love to look at the intricate details, jogging memories of an earlier time. The majority of these wall hangings are knitted but crochet and even felting has been incorporated. Knitters rely on photos and pictures, which are transposed to paper or grids and patterns made from that. It is not possible to estimate the amount of wool used or the cost, but they have involved hundreds of hours of dedication and skills.

## WONDERWOOL WALES BURSARY

In 2017 Wonderwool Wales set up a Bursary scheme for students graduating from the BA Textiles: Knit, Weave & Mixed Media course at Carmarthen School of Art, part of Coleg Sir Gâr in Carmarthen.

The Bursary winner receives a cheque for £1000.00 to assist in continuing their development & business, and they also have the **Bursary Stand C1 in Hall 1** at the show to showcase their Degree work and continuation from that.

Unfortunately due to the show being cancelled for 2 years we have been unable to finance the Bursary, but 2023 will see its reinstatement.

## THE BLYTH TALL SHIP WILLIAMS GANSEY PROJECT

Regular visitors to Wonderwool Wales will be familiar with the story of the Blyth Tall Ship Williams Gansey Project. For first time visitors, here is some background.

The Williams Gansey Project is a subgroup of the Blyth Tall Ship (BTS) Project based in Blyth, Northumberland. One of the main aims of the project has been to provide heritage carpentry and boat building skills to young people who have left school with few qualifications and employment prospects.

While the project was being set up, the story of William Smith, a Blyth educated merchant seaman was discovered. William Smith discovered Antarctica in 1819 in his ship the Williams but received no credit for his discovery and died in poverty at the age of 57. To celebrate this discovery the BTS project bought a 100+ year old Tall Ship which was renamed Williams II in 2016 by the Countess of Wessex.

Following a brief conversation with Clive Gray (CEO of BTS) early in 2016, project leaders of the Williams Gansey Project, Janice Snowball and Astrid Admas, offered to design a gansey for crews of the Williams II, to raise funds for the project, and to recruit knitters to make ganseys for each of the crew members of the Williams II when she undertook a voyage around Britain in 10 legs from March to May 2019. There would be a need for 115-120 ganseys! In order to include more knitters, a watch hat was also designed. Having successfully raised funds for the project, when the call for volunteer knitters went out, it went viral and before too long they had almost 600 offers to knit from all over the world. Volunteer knitters were selected from this list and every continent (apart from Antarctica) was represented.

During lockdown, Astrid began the process of putting all of this information into a book. 'It Started with a Stitch' was published in November 2021. This book and various knitting patterns are available at the BTS Williams Gansey stand, S6 in Hall 2.

Astrid and Janice have been coming to Wonderwool Wales since the Gansey Project was just an ambitious idea. They continue to be very grateful to the organisers of Wonderwool Wales for the support and encouragement they have received since their first visit in 2016.

More recently they have been asked to design and produce hot water bottle covers and blanket squares to join together to make warm blankets for the bunks of the Williams II, these will provide a more comfortable environment for visitors staying overnight on the ship. They are also recruiting knitters locally to knit these items. Colours for the hot water bottle covers and blanket squares are sea blues, green and greys, and patterns vary from geometric to those linked to the sea and sailing, such as dolphins and seagulls, anchors and lighthouses.
